Harold Weinberg

Dear Mr. Weinberg:

Thank you so much for forwarding Whitewash to me so promptly. Enclosed, is my check. I hope the sales skyrocket. There is — and has been — too much "whitewash" on many incidents and I wish more people had your fortitude and courage.

Like Mrs. Weinberg, my ancestors fought in the Revolution, too. They came to America in the 1650's and I'm afraid we have become too complacent. It takes men "immigrants" to fully appreciate what we've had. Perhaps it's because we have nothing to use as a comparison.

Again, thanks and good luck.
